1. The following is an examiner's statement of reasons for allowance:

Discovery of new art has necessitated a more comprehensive reasons for allowance. The prior art of record does not teach or suggest alone or in combination, the combination of elements including the numerous non-removable outlets together the single power cable for all the outlets and tabs in claim 1.

Reasons for allowance of claim 12 were given in the office action dated 11/9/04.

The examiner gives the following patentable weight to the amended term "non-removable;" outlets (unlike current art) that can not be removed without permanent damage to the "housing." The prior art of Chou (US6200159) discusses claim 1 elements except for tabs or in wall box. The prior art of McCarthy (US4775328) discusses claim 1 elements except for non-removable duplex outlets.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
